

ENVIRONMENTAL POLICY STATEMENT

As part of the Integrated Management Systems Policy Statement, (IMS Policy) has been established in line with our company's business strategy. AMS recognises that successful environmental management is fundamental to its business and is committed to the continual improvement of all relevant processes and procedures to ensure all standards are met and/or exceeded. We strive to provide a healthy working environment for all our employees, to prevent pollution and minimise environmental impacts from our activities, and to provide products and services which delight our customers.

By informed choice to control the processes of AMS, the Managing Director accepts overall responsibility for determining this policy.

AMS Environment objectives are:

1. To continually review the suitability of our environment policies, procedures and working practices and implement identified improvement opportunities through Management of change (MOC)
2. To pursue the highest possible standards of environmental management performance
- Measurable use of incident and near hit statistics
3. To comply with all relevant legislation, regulations, other legal and industry requirements and agreed contractual requirements.
4. To minimise the incidence of environmental impact through risk reduction controls and awareness training - Measurable using incident and near hit statistics
5. Reduce the companies Carbon Footprint – measure diesel usage and reduce by 5% yearly
6. To seek to minimise the environmental impact of our operations by preventing pollution, reducing waste, and reducing energy consumption.

To ensure these intentions are achieved, AMS has implemented a Health, Safety, Environment and Quality Management system throughout our operations, which is mandatory for all employees and is designed to comply with the requirements of ISO 9001:2015, ISO 14001:2015 and ISO 45001:2018 plus all applicable Industry Scheme requirements.

Scott Stone
